We commissioned Mr. Figueroa to make this special Dominos Table to resemble our favorite beach, Dorado Beach in Puerto Rico. He exceeded our expectations. It is so beautiful and will become a family heirloom.

LA MESA DE DOMINO

Smash. It was more like the clap of thunder when an excited domino player slammed his domino on the table in victory. That's one of the memories I had as a child watching the older men play dominoes in the South Bronx of New York. In this concrete jungle, they would find sparse shade under a small tree and play dominoes for what seemed to be hours.

I've learned that dominoes is a game of strategy, skill, and a tiny bit of luck. But more importantly, it is a game of fellowship, friendship, and camaraderie. It is also a game that allows you to create great memories and nostalgic good times.

I also remember the domino tables they played on where any board they could find that would accommodate the game. Though you can still create incredible memories on a board on a garbage can, La Mesa De Domino is in business to create great memories with great tables. We have been in the furniture business for over twenty years and have made domino tables for the past ten years. Our goal is to provide you with the best memories on the best table on the market.
